Microsoft Office + Computer Foundations Course Description

Supercharge your career and achieve instant credibility with a TestOut Office Pro / Microsoft Office Certification. Be confident in your knowledge, the concrete skills you'll gain will help you tackle the most difficult desktop software challenges!

Digital literacy and proficiency in Microsoft Office programs is an important skill to possess in any job or industry. This knowledge will be foundational for any in-demand career.

What is Microsoft Office and TestOut Office Pro?

Microsoft Office + Computer Foundations is a course for anyone ready to learn basic digital literacy and study the programs that encompass Microsoft Office. Using TestOut Office Pro, classes will cover the latest version of Word, Excel and PowerPoint and prepare students for these certifications. This course will be helpful for students on any career path, but will specifically be beneficial to those seeking a career in office administration.

IMPORTANT TO KNOW

- Basic working knowledge of computers and computer software programs preferred.
- You must have a reliable computer and internet for use outside of class.
- You do not have to have Microsoft Office installed on your personal computer, the TestOut platform allows you to work in the necessary programs.
- Students are required to sign an attendance agreement. This class requires perfect attendance. While we understand emergencies can happen, missed classes are difficult to make-up, so must be rare. (sample upon request or see at your orientation)
- Currently, there is social distancing and a mask requirement at our facility.
